This RTS22 wall switch from the Format 55 series is a battery-operated Easywave transmitter with the function OFF.

This complete version of the RTS22 wall switch contains all the components required to be put into operation immediately. The transmitter module, a white cover frame and a white single rocker with a "AUS" label are included in the scope of delivery.

Additional individual rocker variants are also optionally available in other colors as accessories. If necessary, the wall switch can be used in cover frames of other manufacturers.

The RTS22 AUS is usually used to turn off lights centrally with 2-button operation.

RTS22E5001B02
